Your Support

HIRE
THE HUB

FROM HOTDESKING AND EVENTS TO VIRTUAL OFFICES AND YOUR OWN SPACE HERE!

Look around The HUB, most of this is available to hire.

We offer co-working and hotdesking opportunities if you want to bring your laptop and get some tasks done. You can hire The HUB for your events, workshops, or bring your community groups here.

Then we have a clean and calming space ideal for coaching, mentoring and therapeutic service delivery.

And if you're ready to get your own office, we have a few rooms upstairs that are available to rent too.

Or if you work from home and want a professional address to use as your office address, then we can provide you with a virtual space and give you discounted use of The HUB facilities too.

eh, *but how?*
